

## NON IMPACT WIDE STILE ENTRANCE DOOR

### FEATURES

The distinctive Wide Stile Entrance Door System is ideal for heavy traffic in buildings such as hospitals, government buildings and schools. It is a System designed and tested in accordance with the Miami-Dade County and State of Florida Building Codes and consists of extruded aluminum components, tempered glass, hardware, gaskets and anchors. Single doors are available up to **36" x 96"** and pairs of doors are available up to **72" x 96"**. The system is available in clear and dark bronze anodized, environmentally friendly Archkote™ powder coating, and many custom finishes. It is an exceptional choice that distinctively meets your monumental and abusive heavy traffic area requirements.

### NON IMPACT PRODUCT APPROVALS
